Sport Uniform Modification 2017

From the Principal

Over the past year, a School Uniform Committee, comprising parents, School Council members and staff, have been working towards releasing a new collection of sports clothing for our students in 2017. These changes have been in response to parent and student feedback, and demonstrate SPW's desire to simplify and unify our existing sports uniforms.

The research undertaken by the Uniform Committee indicated that our current sports uniform lacked uniformity. Throughout its 16 year history, SPW students have proudly worn their sports uniform but both the House Tops and the Extra-Curricular Sports Uniform have become substandard. The committee addressed the application of school logos, different colours and sizing, and different expectations of the current sport uniform offering.

A unified approach was taken to ensure our school brand was in the forefront of all decision making. The objectives outlined on Page 2 were taken into consideration whilst making the final decision for the sports uniform changes. Many factors were taken into account in making these changes; unity for the SPW School, durability of clothing, cost minimisation associated with the uniform changes, overall affordability and longevity.

The new and contemporary House and Extra-Curricular Sport Uniform range has been designed to reflect the SPW brand and ensures that our students and brand are easily identifiable at all times.

As part of our commitment to offer an affordable uniform over our whole school uniform range, a period of transition has been established which will allow existing families time to purchase new items. Therefore, the Sports Uniform range will be launched in 2017, to be fully implemented by 1 January 2018.

The Parents and Friends Association have offered to support SPW in the implementation of the new sports uniform for extra-curricular sport and we are pleased to announce that the PFA will purchase some of the team uniforms as you will read further in this document. The uniforms will be distributed each year and a refundable Parent Deposit to the value of a replacement garment is to be paid when issued to a player at the commencement of the season.

We know that our students will wear this modified sports uniform with pride and I thank all those who have made a contribution to this process.

Sport Uniform Modification 2017

History

Some elements of the uniform at SPW have change very little since the school opened in 1999.

The photo (right) depicts the sport uniform from 1999 prior to the introduction of Eyre House.

Since 1999, SPW has introduced Eyre House (green), designed a new logo which was introduced in 2013 and at the same time developed a style guide which included use of and application of school colours.

SPW is pleased to announce the launch of the new Sport Uniform range that will be introduced in 2017.

Today we celebrate a vibrant and cohesive Early Learning to Year 7 School and seek to reflect this in our new Sports Uniform range.

Our Objectives for Change

- A uniform which clearly identifies SPW in our sporting community by retaining SPW gold and blue
- A uniform which unifies the curriculum and extra curricular yet maintains some point of difference
- A uniform which is cost effective to parents
- A uniform which presents well and looks good on our students
- A uniform which meet the climatic needs and is comfortable
- A uniform which has longevity being wearable, durable and washable
- A Uniform that has longevity in the design
- A Uniform that has a classical look that children want to wear

Uniform Implementation

To be fully implemented by 1 January 2018

Parents to Purchase

An early bird discount price for House tops only will be available, when ordered and paid for, by 25 November 2016
