CHRISTOPHER PRANCE, PRINCIPAL

## Establishing 21st Century Learning Spaces

The SPW Foundation invites you to support this year's Annual Appeal to establish 21st Century Learning Spaces, where our children can develop the skills and attributes to live, work and thrive in a 21st Century world.

Children are future creators, innovators, problem-solvers, entrepreneurs and collaborative team players. It is important our children have engaging, well equipped learning spaces to prepare them to be our future leaders.

SPW desires to enhance the learning spaces accessed to deliver our current STEM program, which incorporates science, technology, engineering and mathematics and also includes a strong focus on The Arts, ensuring we offer the highest level of educational opportunities for our children.

### Learning Spaces Focus

The areas for development include the Library and the Nutter Thomas Building. Our plan is to refurbish both areas, providing opportunities for real life experiences every day where our children can engage, inquire, problem solve and create. The Learning Spaces Annual Appeal 2018, facilitated by the Foundation, is seeking your support with the following projects:

#### Library – Annual Appeal target \$25,000

We plan to purchase furniture and other resources to enhance the STEM learning spaces in the Library. Our goal is to establish collaboration booths (versatile learning spaces), multi-purpose STEM work stations with adjustable benches and incorporating a robotics station.

#### Nutter Thomas Building – Annual Appeal target \$25,000

Our goal is to refurbish the Nutter Thomas facilities to create a multi-purpose area including a maker space, food preparation and wet areas, where children can engage in hands on learning. The old Nutter Thomas kitchen has not changed since the Boarding House days. Our proposed project will ensure children can enjoy the practical experiences of creating and problem solving.

#### Your contribution will make a difference

Your financial support of the Library and Nutter Thomas Building projects will provide an excellent opportunity for the Foundation to assist the school to develop specifically designed STEM learning opportunities for our children.

### How you can donate

Easy ways to donate to this year's Annual Appeal.

- ✉ Fill in the donation form on the opposite side of this page and return to the Foundation Office, using the reply paid envelope.
- ☎ Phone the Foundation Office on 08 7221 6202
- ✉ Email [foundation@spw.sa.edu.au](mailto:foundation@spw.sa.edu.au)
- 👤 Visit the Foundation Office in person, 39 Partridge Street, Glenelg SA 5045

A receipt will be sent to you along with an acknowledgment of your donation. Thank you for supporting our children.

### Other ways you can support SPW

#### Scholarship Fund - Giving the gift of access to education

One of the most valuable gifts we can give a child is the access to education. Our goal is to increase the capital in the Scholarship Fund which will then enable us to create several more opportunities for students to have access to an education at our school. Your support of scholarships will be life changing for these students and their families.

#### Bequest Program - The gift that can make a difference

A bequest is another way of supporting the SPW community by 'making a difference in the lives of our children'. A contribution made through your will to SPW will help us to take our learning and teaching facilities to new levels of excellence and provide enduring support for future generations of children.

To have a confidential discussion or if you would like more information please contact Karen Schaumloffel in the Development Office on 7221 6202 or [foundation@spw.sa.edu.au](mailto:foundation@spw.sa.edu.au)
