1. Introduction

At St Peter's Woodlands Grammar School, we provide a safe, inclusive, dynamic learning environment where students are empowered to achieve their maximum learning potential. We aim to foster the total development of each child academically, physically, spiritually and emotionally. As such we are also committed to providing care and protection for all our students whilst they are at school or engaged in school activities.

We believe that children, as vulnerable members of society, have the right to be protected and to feel safe at all times.

Positive and supportive relationships between school and home, parent and child, student and student, teacher and student are important factors in providing the sort of environment where appropriate conditions of safety can exist.

It is acknowledged that children can and do suffer from harm or risk of harm including neglect and abuse, physical, emotional and sexual, and that education and care programs can play a significant role in their prevention.

2. Preventative Practices

1. The School's Policies, including the Child Protection Policy, are available to everyone in the school community on the School website and intranet changes are notified.
2. Students, parents, volunteers and school employees are encouraged to raise concerns.
3. All employees and relevant volunteers are required to notify any reasonable concerns to the relevant government authorities.
4. Employees must notify the Principal of any situation where there is ongoing concern about the School's duty of care to a student; or to notify the Chair of the School Council should the concern relate to the conduct of the Principal. Employees are not required to inform the Principal that they have made a mandatory report.
5. Students, parents and volunteers are encouraged to direct allegations about any inappropriate action of an employee to the Principal, or to the Chair of the School Council should the allegation be about the Principal.
6. The School promotes models of behaviour between school personnel and students based on mutual respect and consideration.
7. Risks are identified and appropriate procedures adopted.
8. Volunteers are made aware of their responsibilities.
9. Clear boundaries of behaviour are in place.
10. Responding to Risks of Harm, Abuse and Neglect (RRHAN-EC) training is provided for all employees and volunteers every three years, at the School's expense. All suspicions on reasonable grounds of harm or risk of harm including abuse or neglect are to be reported promptly to the relevant Government authority by the employee or volunteer concerned.
11. The Principal provides support to employees who make mandatory notifications.
12. The Principal and the Executive Leadership Team are the key contact people on any student protection concerns.
13. Valid Working with Children Checks are required prior to appointing employees and engaging contractors, consultants or others who may have individual contact with students.
14. Links are maintained with police, the relevant Government authority, Association of Independent Schools South Australia and other schools as appropriate.
15. Dispute and Grievance procedures are in place.

16. The Principal will regularly check to ensure that the School's student protection procedures are followed.
17. The School's teaching and learning program will include Protective Behaviours Training at all year levels.
18. The School will comply with all legislative requirements on student protection including the following:

Children and Young People (safety) Act 2017

Child Safety (Prohibited Persons) Act 2016

Education and Children's Services Act, 2019 and Regulations (2020)

Protective Practices for Staff and their Interactions with Children and Young People, Second Edition 2019

3. Rights & Responsibilities of Mandated Notifiers

- All employees and volunteers are considered mandated notifiers.
- It is the personal responsibility of a mandated notifier to report suspected abuse – it is not the responsibility of their supervisor, principal or employer.
- The notifier does not have to be able to prove that abuse has occurred.
- It is not necessary or the notifier to know the identity of the alleged perpetrator to make a notification.
- The notification should be accompanied by a statement, which may be verbal, of the observations, information opinions upon which the suspicion is based.
- The notifier is immune from civil liability for reporting suspicions in good faith.
- The notifier is entitled to feedback about the way the notification is being dealt with by the relevant government authorities.
- If a mandated notifier does not notify when appropriate, they may be prosecuted.
- The identity of the notifier will not be disclosed unless the disclosure is made in the course of 'official duties' to another person acting in the course of 'official duties' (eg police acting in the matter of a criminal prosecution) or where the court deems the identity of the notifier is evidence which has critical importance to the proceedings, or when the notifier has consented to the release of their name.
- The Principal expects to be advised about any significant concerns about the welfare of a student, especially when the concerns relate to possible inappropriate behaviour by a School employee or volunteer.

4. Grounds for Notifying Suspected Abuse or Neglect

A mandated notifier is obliged to notify the relevant Government authority (Child Abuse Report Line (CARL) 13 14 78 or SA Police on 000 if at immediate risk, when they have reasonable grounds to suspect that a child/young person has been abused or neglected.

Reasonable grounds to notify suspected abuse may include the following:

- When a child/young person tells you he or she has been abused;
- When someone else tells you (perhaps a relative, friend, neighbour or sibling of the child/young person);
- A child/young person tells you he or she knows someone who has been abused (a child/young person could possibly be referring to himself or herself);

- And, importantly, when your own observation of a particular child/young person's behaviour and/or injuries, or your knowledge of children/young people generally leads you to suspect that abuse is occurring.

•

If the mandated notifier is unsure whether they have a suspicion on reasonable grounds to notify, it is appropriate to consult with the relevant Government authority by calling the Child Abuse Report Line Telephone 131478.

5. Checklist for Mandated Notifiers when making a Mandatory Report

It is not essential that Mandated Notifiers have all the information contained on this list before making a report. However the more information that is provided to the Child Abuse Report Line, the better informed the response will be to the child/ren of concern. Staff will always call 000 in the first instance if it is an emergency.

Identification Details relating to the child, siblings and parents:

- Full name (including any other surnames they are known by).
- Date of birth / age.
- Current address; contact number.
- School.
- Ethnicity, ie Aboriginal, Kinship group, non-English speaking.
- Alleged perpetrator's name, age, address, relationship to the child/ren, current whereabouts.
- Current whereabouts of the child who is, or children who are, of concern.
- Details of when the next expected contact with the alleged perpetrator will occur (if they are not living together).

Notifier Details:

- Full name, job title (if applicable); agency name or address; contact number.
- Relationship of Notifier to the child/ren of concern.
- What type of contact does the Notifier have with the family and how frequently?
- Is the Notifier working with the child or the family? If so, in what capacity?

Details of Concerns:

- Specific details about the allegations:-
- If the child disclosed: what did s/he say and what was her/his emotional presentation?
- Who saw or heard what and when?
- Size and location of injuries, if any, with descriptions of any bruising.
- Has the child been seen by a Doctor? If so, provide the name and contact number.
- Describe any caregiver behaviour that is of concern, including how often and how severe.
- Describe any behaviour by the victim(s) that is of concern, including how often it occurs.

Other Details:

- Are the parents separated?
- If any Family Court orders are in place, what do they relate to?
- If the custodial/non-custodial parent has a partner, provide her or his name.
- What is known about the functioning of the family
 - domestic violence
 - drug/alcohol use or abuse
 - violence to people outside of the family
 - relevant health factors

- extended family or other support networks
- child care arrangements
- nature of involvement with any agencies
- mental health problems
- physical or intellectual disability

Before Concluding the Call:

Before Concluding the Call:

- What prompted you to call today? (if this is not already obvious).
- Are caregivers aware a report is being made?
- Have you as the Notifier, given any expectations of action to the child?
- What action are you expecting the relevant government authority to take?

6. Indicators of Abuse & Neglect

The following list of indicators is not exhaustive. Students frequently show indicators from more than one category and the examples listed are not necessarily exclusive to a single category of abuse. Any of these indicators may suggest that a student is being abused, neglected or at risk of harm; however, indicators should be considered in the context of the student's age, medical and developmental history, and capabilities. In addition, they may be indicators of mental illness, substance abuse and domestic violence within families.

7. Photography

7.1. Rationale

The word photography is used in this policy to include traditional photographs and digital images of any kind, still or moving.

For many years photography has contributed both profoundly and superficially to our culture. It plays a significant role in commerce, entertainment and communication; it is commonplace in our homes and it is an important element of school life.

At SPW we feel it is vital that achievements are recognised and that student's feel valued, proud and happy. Photography is a useful tool within school and it is employed routinely in many ways, for example record keeping, displays, teachers'

lessons and the children's own work. Photographs are also used for newsletter, website and other publications.

We are, however, sensitive to the wishes and rights of parents who may have concerns about the uses of such images.

This policy has been written with reference to the Protective Practices for Staff and their Interactions with Children and Young People, Second Edition 2019.

7.2. Taking Photos and Videos

7.2.1 School

All parents are asked each year if they would like to be on the Do Not Publish List. A database is kept of children whose photos must not be used for marketing purposes. Photographs will not be taken of children when they are vulnerable – upset, hurt or in a state of undress.

7.2.2 Parents/Caregivers

It is expected that:

- Parents/caregivers wishing to take photographs or videos do not, where possible, film or photograph children other than their own
- Parents/caregivers respect the 'right to privacy' of other individuals
- Images will be accessed and enjoyed by family members only and not shared on social media
- Parents/caregivers follow the policies of external venues (ie other schools, sports halls, swimming pools etc)

7.3. Use and Storage of Photographs and Video

- Class photographs are held for reference in the Front Office and archived after use.
- Individual photos are embedded in the administration package and are used to identify children for medical purposes.
- Photographs taken as records of events or for educational purposes may be displayed around the school.
- When we publish children's names we only publish first name and surname initial.
- Photographs are used for the School Magazine.
- Photographs are not exchanged with anyone outside school, or removed for private use by any employee or volunteer.
- It may be necessary for staff to take photographs home when working on presentations or portfolios (this work can be too time consuming to be completed during school hours). Staff treat this privilege respectfully, complying with Child Protection Guidelines, ensure that these photos of students are not used for any other purpose, are not distributed to anyone and are deleted as soon as the task is completed.

7.4. Website

Photographs of children are used minimally and anonymously on our website. Individual parents are informed. Parents reserve the right to have any photograph of their child removed from the website.

8. Monitoring & Review

This policy is reviewed as needed and at least every five years.

10. Follow up For Children Who Have Been Reported

The Principal leads a weekly wellbeing meeting with the Chaplains, Heads of School, School Psychologist and Head of Inclusive Education to discuss ongoing supports in place for both students and their families who have been flagged or reported to CARL. At this meeting we discuss the appropriate ongoing supports to be provided to both the students and family members and we check in weekly to ensure this is being done
